## 2. Background

As a successor to PMKVY 2016-20, the Scheme is planned to be implemented in FY 2020-21. Under Short Term Training (STT), the goal for training 2,20,000 candidates has been set. National Skill Development Corporation (NSDC) would be allocating targets to the eligible Training Providers (TP). Under STT-CSCM, the target allocation of 2,00,000 numbers would be considered. The target of 87,473 has been allocated to Pradhan Mantri Kaushal Kendras (PMKK) TCs in STT-CSCM PMKVY 3.0 in FY 2020-21. In continuation to the Notice inviting proposals dated 20.02.2021 (Reference: [http://pmkvyofficial.org/App\\_Documents/News/notice-inviting-proposals-STT-CSCM-PMKVY-3.0-FY-20-21.pdf](http://pmkvyofficial.org/App_Documents/News/notice-inviting-proposals-STT-CSCM-PMKVY-3.0-FY-20-21.pdf) ). Furthermore, it is estimated that the approximate training targets to be allocated under RFP route would be around 1,12,527<sup>2</sup>. The allocation of these targets will be done through phase wise RFP. The districts for which the District Skill Committees have shared the job role demand are included in this 1<sup>st</sup> phase of the RFP. The remaining districts across the country will be included in the next phase of the RFP for target allocation in STT-CSCM PMKVY 3.0

## 3. Key features

The vision of the RFP implementation approach is to increase the capacity and capability of the Scheme as a whole to deliver quality skill training and placement to the youth and thus meet the growing demand for skilled human capital in various economic sectors.

The major steps involved in the selection of Training Providers in the project mode as per this RFP are summarized below:

1. PMKVY RFP mode focuses on the inclusiveness of Training Providers in the form of government and private institutions, small companies, start-ups, NGOs, and others.
2. Along with this, the RFP puts emphasis on quality of Training and placement. Training organizations that wish to train candidates in aspirational districts as identified by NITI Aayog are encouraged to apply.
3. Only organizations that have existing centers where the trainings may be conducted. NSDC does not guarantee target allocation to any organization applying through this RFP. No organization should set up any new centers for the purpose of this RFP.
4. Eligible Institutions and organizations are invited to submit proposals for allocation of targets through this RFP. The applications will be accepted only during a fixed time period.
5. Each applicant organization (“Applicant”) will have to register on an online portal.
6. Each Applicant can submit proposal for multiple proposed centers. Each training center proposed by an Applicant should contain the details of the sector for training along with job roles in which the Applicant wishes to conduct trainings.

---

<sup>2</sup> These are estimated target allocation numbers. The exact district wise targets to be allocated through this RFP will be published on the RFP proposal management portal.

7. After the date of receiving applications is over, all applications will be evaluated as per the evaluation criteria
8. Training Providers with strong credibility, financials and skilling experience have been encouraged through weightages on sections of scoring matrix.
9. The proposals of the TPs would be evaluated on quantitative parameters, which have been detailed in scoring matrix given at **Annexure 18.1**.
10. Based on the evaluation criteria and scoring matrix, each proposed center will be ranked district wise and targets will be allocated to the Applicant according to the target allocation methodology.
11. Due Diligence will be taken up for the shortlisted / eligible Applicants for the target allocation.
12. Post Approval by competent authority, the successful Applicants may be intimated and invited for signing of an Agreement.
13. Post the allocation of targets, the Applicants can start training in proposed centers only after successful accreditation and affiliation of each training centre under SIP and obtaining 4/5-star rating in accordance with the centre accreditation or affiliation guidelines. In-case of Special areas as defined in common norms, valid relaxations will be applicable. All STT-CSCM PMKVY 3.0 guidelines would be followed.
14. The performance of the Training Providers allocated with targets would be monitored for quality aspect of Training, placement and other factors.
15. The Scheme does not allow franchising/ consortium/ Subcontracting.

In case of any gap (in terms of compliance with submission of mandatory documents or any other document as requested by NSDC in the course of evaluation of the proposal and their completeness) in the documents submitted, the proposal will be rejected.

- **Stage 2- Desk Evaluation**

Only the proposals of the Organizations that pass stage 1 of the evaluation process will be evaluated further. NSDC or its designated evaluation agency will evaluate each Organization proposal based on their responsiveness to this RFP. This evaluation will be done in two levels.

**Part A- Evaluation based on elements related to the Organization/TP (Weightage – 60%)**

This will ascertain a score for each Organization with respect to Past experience in Skilling (Overall as well as performance in Scheme), association with NSDC, Organization's credibility and Financial Strength. The weightage of this parameter is 60 points on the base of total 100 points. *This score will remain fixed for all proposals submitted by an Applicant.*

### **Part B Evaluation based on elements related to the proposal (Weightage – 40%)**

This segment will focus on the proposal of the Organization / TP which will be evaluated on the parameters proposed for a particular training center. The broad parameters are Existing Infrastructure, proposed placement capacity, priority job roles and others. The weightage of this parameter is 40 points on the base of total 100 points. *This score will be variable for an Organization/TP across different training centers that the Organization/TP has applied for.*

Each proposal for different categories shall be evaluated as per the **Annexure 18.1 - Scoring Matrix**.

## **7 Ranking of the Proposal**

The Ranking will be decided for each Organization across districts based on the following scores:

- **Organization / TP related Score / Fixed Score** as per the evaluation for the Applicant for Part A. This score will remain constant across states and for an Applicant.
- **Training center related Score / Variable Score** as per evaluation for the Applicant for Part B – as per the Training Center proposed. An Applicant will score differently in each of the applied state projects for a Training Center. This will be based on the strength of the proposed project for the specified state.

Based on the total of the score (Organization/TP + Training Center/ Proposal or fixed + variable), each eligible Applicant will be ranked for a particular Training Center proposed in each district. The ranking for same Organization may vary from one proposal to another owing to the variable score as per the part B of the evaluation matrix. In each district and in each category, every submitted proposal would be scored based on a scoring matrix having the following parameters:

Scoring Section		Type of Organization	
		New Organizations	Training Providers with STT-CSCM PMKVY 2016-20 engagement
<b>PART - A</b>	Organization level parameters (60%)	Past Skilling experience across multiple schemes from 1-Apr-2016 to 31-Mar-2020	Past Skilling experience in STT-CSCM PMKVY 2016-20
		NSDC Partnership	NSDC Partnership
		Financial Strength	NA
		No. of years of existence	NA
<b>PART - B</b>	Proposal level parameters (40%)	Area of existing TC to be deployed for training in the district of application	No. of Job roles at the TC with valid A&A on SIP
		No. of Job roles at the TC with valid A&A on SIP	

The details of the scoring matrix can be referred at **Annexure 18.1 - Scoring Matrix**.
